

## SERIES 208 AIR BLOW GUNS

### Pneumatic Products, Air & fluid guns

- High blowing force
- Easily regulated infinite flow
- Ergonomical, comfortable controls

The CEJN Series 208 blowgun has a valve package that enables it to handle both air as well as non-explosive fluids. The series is offered in several styles, including standard full-flow, noise-reducing Star-Tip, and a pressure-regulated safety version. Various tubes and tips are available to meet specific application requirements.
